Indoor Waterpark

In the long autumn, winter and spring seasons, especially in winter, outdoor tourism projects are scarce, and South Africa's Grand Valley Resorts Water Park can provide local and surrounding citizens with a destination where they can play all day, with everything to eat, drink, play and have fun. Tourists of all ages can find the items they want to play:

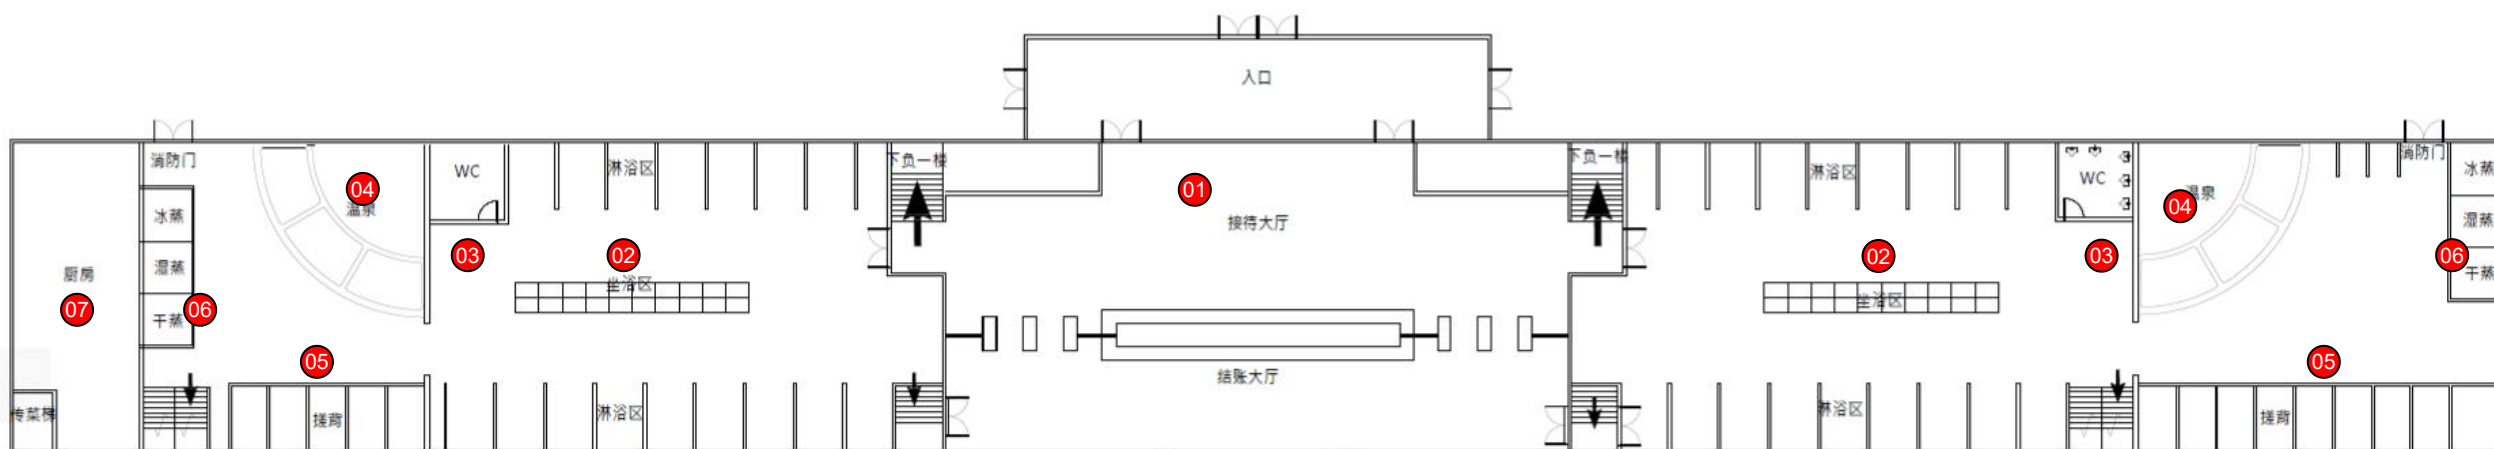

Children, there are water toys, water villages, surf pools, naughty castles, fountains, etc.;

Teenagers, there are video games, water slides, skateboarding, cinemas, etc.;

For adults, there are surf pools, saunas, massages, mini bars, billiards, chess and cards, etc.;

For the elderly, there are rubbing baths, wave pools, spa pools, saunas, etc.;

Equipment introduciton

2015.4.24.88

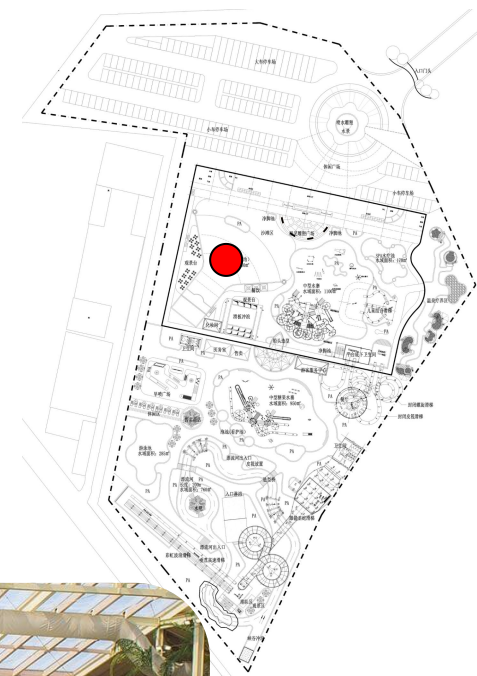

Kids slide

Beach area: 250m²

Wave pool area:900m², can contain over 300 visitors, max:800 visitors.

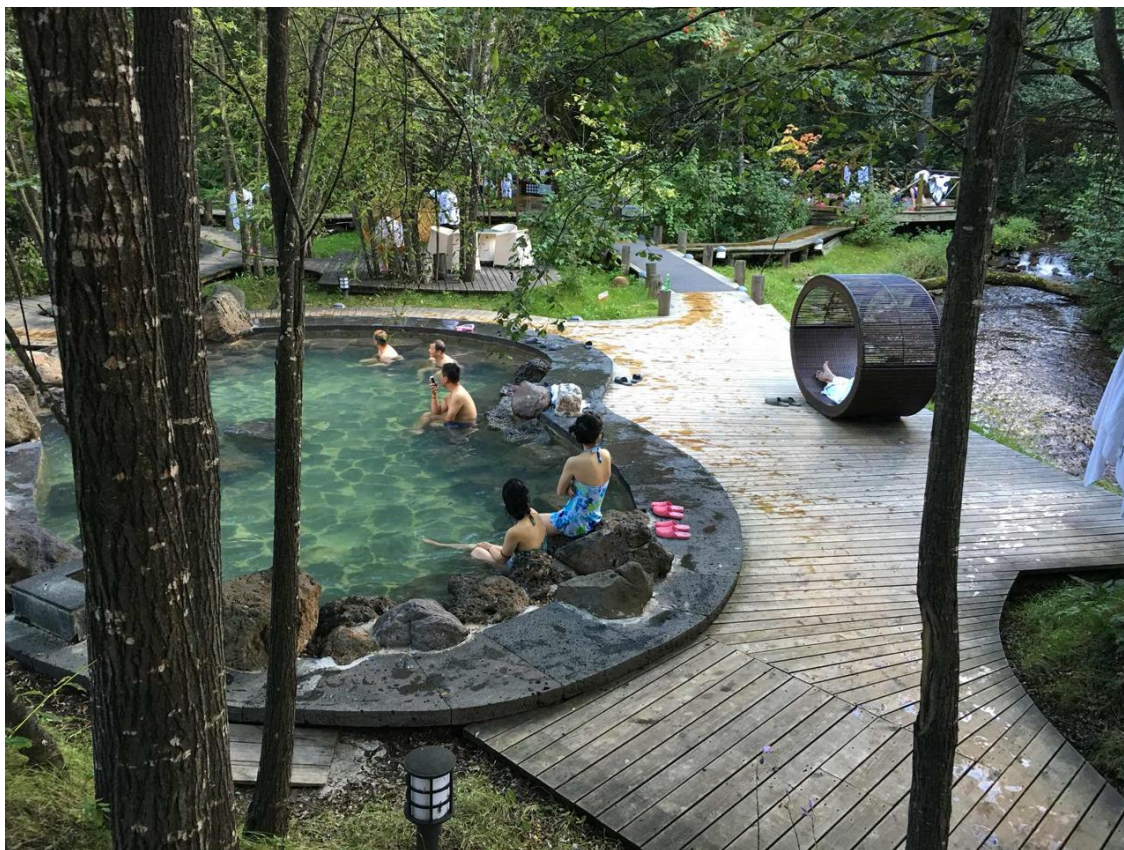

Double flowrider

Close body slide height:11m,width:1m, Length:99m; Close inflatable tube slide height:11m,width:1.4m,length:151m

Outdoor spa pool

Outdoor Waterpark

Outdoor play items are mainly king cobra slides, rainbow slides, lazy rivers, standard swimming pools, restaurants, children's water villages, children's interactive fountains, sand pools, adult bubble pools, and leisure areas.

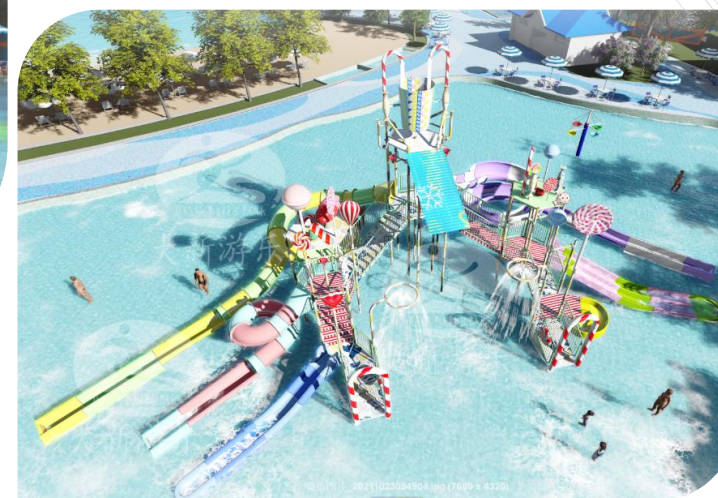

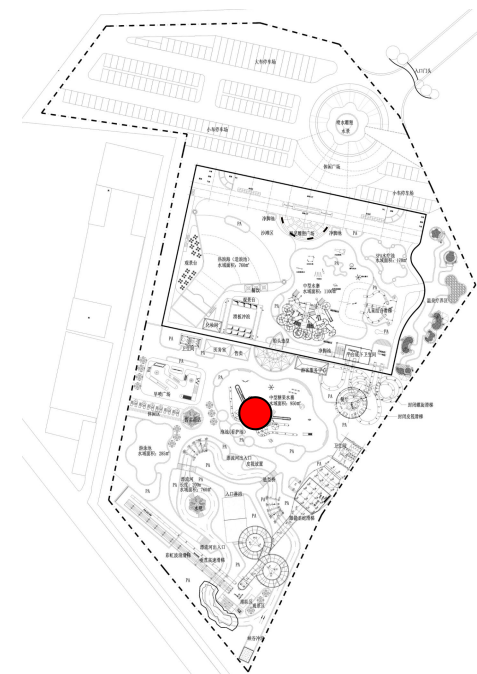

In summer, the entire project can be opened, and there is enough space to hold various performances and team building activities to increase the number of tourists; in winter, the outdoor area is closed to save energy.

3D concept design

Water house pool: 970m², size: 470 m²

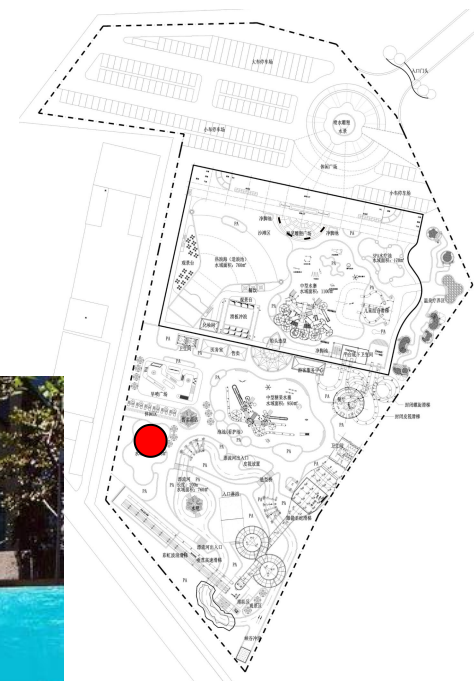

Kids games

Swimming pool

Rainbow slide: 12m, length:94m

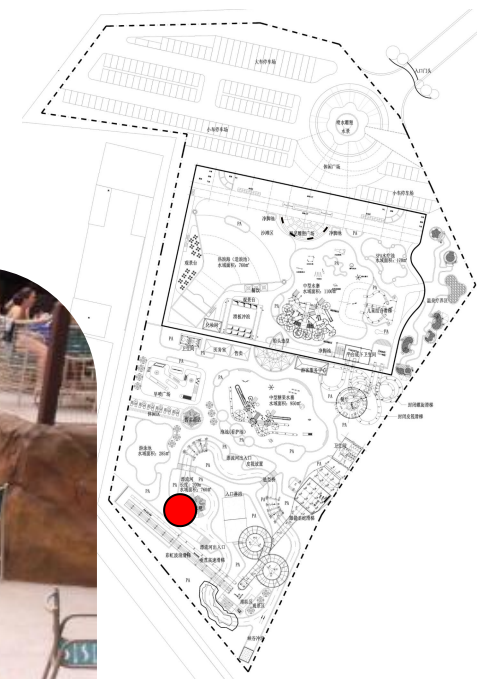

Free fall slide height: 10m, Length:56m

Water bar around the lazy river

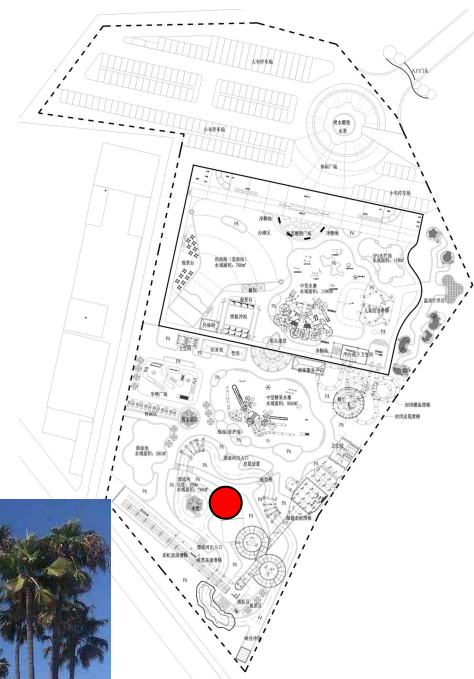

Lazy river: 230M, width: 3M, t here is island in the center, visitor could enjoy a nice view around river.

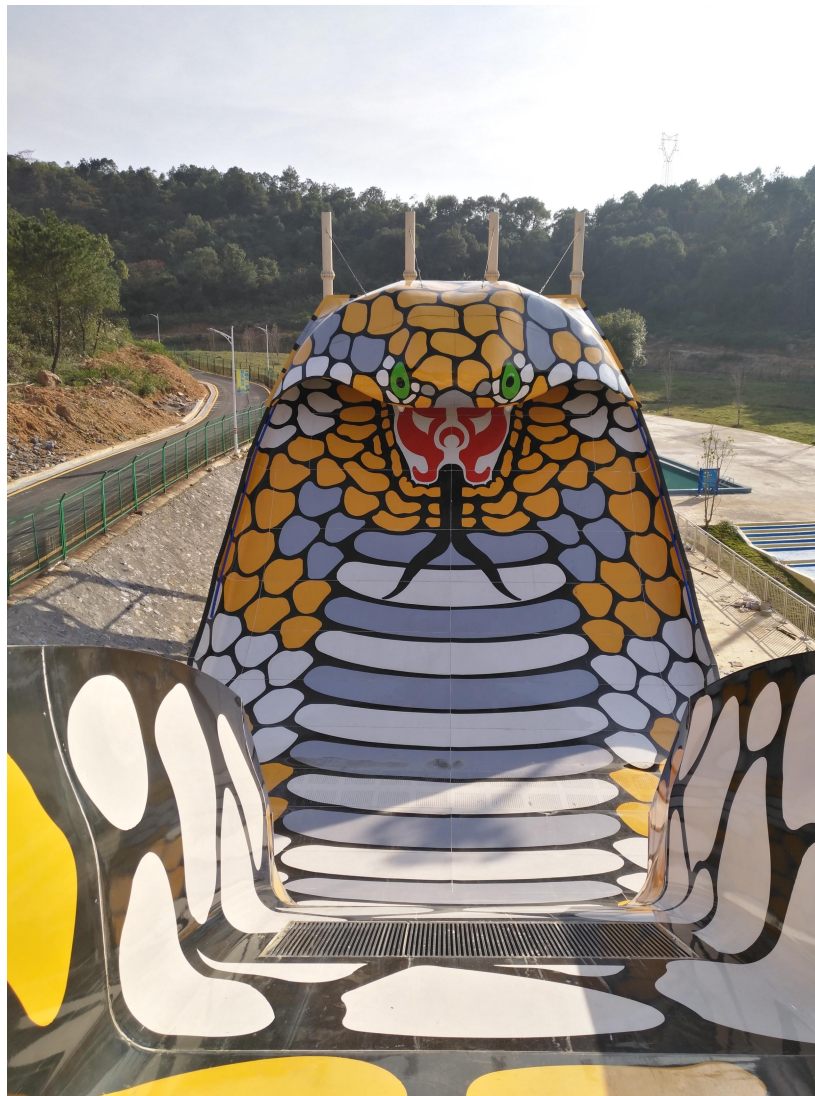

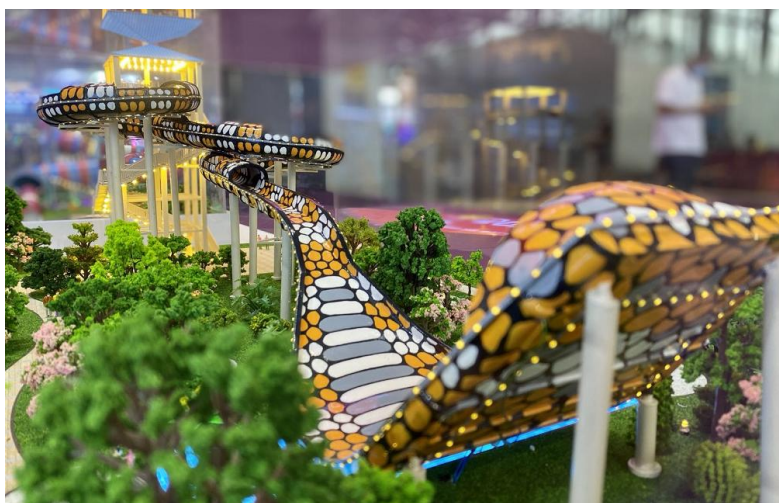

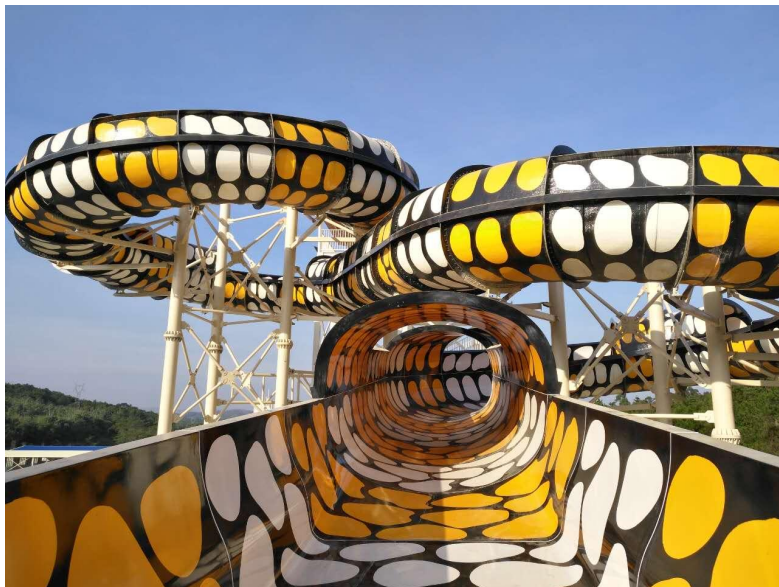

Artificial flood

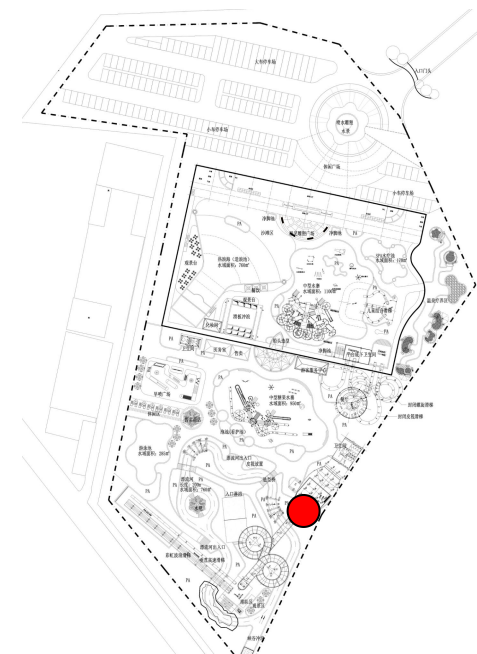

Beach volleyball is indispensable for tropical beach islands. We set up children's sand pools and beach volleyballs on the island. You don't have to go to Sanya to surf and play in the sand.

Height: 18m
Length: 130m
